REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Any comments considered necessary by applicant must be submitted no later than the Payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

The references of record do not anticipate the claimed inventions. Furthermore, the references alone or in view of each other do not suggest or motivate one of ordinary skilled in the art to prepare di-or-oligopeptides or derivatives thereof employing the process steps as claimed which requires employing an enzyme having deformylase activity in the presence of a co-factor bivalent metal ion. One of the cited references is noted in particular as employing a similar synthesis but lacks the specific enzyme, the co-factor metal ions and the use of two enzymes simultaneously for the coupling and deformylation reactions.

Thus, the instant claim is considered to be patentable over the references of record.
